SPORTFISHING WHITSUNDAYS

## Sensational fishing at the Reef

**Go to where Whitsunday fishing is at its best... The Great Barrier Reef!** With early departures, we steam past the Whitsunday Islands to remote reefs, giving you the best opportunity of catching quality fish and ensuring a full day of fishing. We cater for all types of fishing using top quality gear. From reef fishing for delicious coral trout, emperor, trevally and shark to sport fishing for pelagics such as spanish mackerel, shark mackerel and tuna. We cast poppers for the hard fighting, highly prized giant trevally, with many released over 40kg. To top off the ultimate trip, we can troll with light tackle for the elusive juvenile black marlin, sailfish, tuna or line burning spanish mackerel.

Since its inception in 2009, Sea Fever have earned a solid reputation as a hardworking, friendly and highly skilled fishing operation. We are the only charter company from Airlie Beach to consistently fish the reef, often without sighting other boats all day. We believe this is the difference to giving anglers a truly memorable fishing experience.

Owner/Operator Ashley Matthews has a diverse and extensive fishing background, both commercially and recreationally. His local knowledge of the reef, fishing and boating is second to none.

## ● Overnight / Extended Private Charters

The ultimate fishing adventure onboard our 40ft gameboat! Fish all day, then refresh, have dinner and get set for the awesome night fishing. We anchor for the night in a deserted shallow reef lagoon targeting hard fighting spangled and red throat emperor – exhilarating action on light tackle! Or we can anchor in deep water (conditions permitting) to chase red emperor and nanngai. Take in a majestic sunrise and get set for another full day of sport, game and reef fishing. For extended trips we can fish the outer shoals and Continental Shelf where the species list is endless. From dogtooth and yellowfin tuna, marlin, sailfish, dolphin fish and wahoo to name a few. We fish different reefs everyday on our overnight and extended trips. A highly recommended experience!
